Objective

Passionate React developer skilled in creating dynamic, responsive web applications with a focus on performance optimization and exceptional user experiences.

Education

Bachelor of Science in Computer Science

Government College, Ajmer, India

Graduation: May 2025

Relevant Coursework: Web Development, Data Structures, Algorithms, JavaScript, Advanced React, Backend Development

Skills

- **Frontend Development:** React, Redux, Tailwind CSS, Material UI, HTML5, CSS3, JavaScript (ES6+)
- **Backend Development:** Node.js, Express.js
- **Database Management:** MongoDB, Firebase, MySQL
- **Version Control:** Git, GitHub
- **Other Tools:** Docker, Webpack, Babel, Postman
- **Testing Frameworks:** Jest, React Testing Library

Projects

Taskify – A Kanban Productivity Application

Developed a React-based Kanban board application for managing tasks and projects. Integrated drag-and-drop functionality using the React DnD library.

Technologies: React, Redux, Tailwind CSS, Firebase

E-Shop – An E-commerce Web Application

Built a fully responsive e-commerce website with React and integrated Stripe for payment processing. Created a shopping cart feature with persistent state using Redux.

Technologies: React, Redux, Node.js, Express, MongoDB, Tailwind CSS

Portfolio Website

Designed and developed a personal portfolio showcasing skills, projects, and contact details. Optimized for both desktop and mobile using responsive design principles.

Technologies: React, Tailwind CSS, Netlify

Experience

Frontend Developer Intern

XYZ Solutions, Jaipur, India

June 2024 – August 2024

- Developed reusable React components and implemented responsive designs.

- Improved application performance by optimizing state management and API calls.
- Collaborated with backend teams to integrate RESTful APIs into the application.

Open Source Contributor

Hacktoberfest 2024

- Contributed to open-source React projects by fixing bugs and implementing new features.
- Wrote documentation to enhance project clarity for new developers.

Certifications

- **React - The Complete Guide** – Udemy, 2024
- **JavaScript Algorithms and Data Structures** – freeCodeCamp, 2023
- **Full-Stack Web Development with MERN** – Coursera, 2023

Extracurricular Activities

- Member, Government College Coding Club – Conducted workshops on React and JavaScript for peers.
- Volunteer, Hackathon Organizer – Assisted in organizing coding competitions and hackathons.

Languages

- English (Fluent)
 - Hindi (Native)
