

Rajni Verma

Civil Engineering Student

Location: Jaipur, Rajasthan

Email: rajniverma@example.com | **Phone:** +91-8765432109

Objective

Aspiring Civil Engineer with a strong focus on sustainable urban planning and infrastructure development. Eager to apply academic knowledge and hands-on experience in urban design to contribute to innovative and eco-friendly urban solutions.

Education

Bikaner Technical College, Jaipur

Bachelor of Technology in Civil Engineering | 2020 - 2024

Experience

City Planning Agency, Jaipur

Urban Design Intern | 2022 – 2023

- Assisted in the design and implementation of urban infrastructure projects focusing on sustainability and efficiency.
 - Conducted site surveys and collected data for GIS mapping and structural analysis for smart city initiatives.
 - Collaborated with multidisciplinary teams including architects, urban planners, and civil engineers.
-

Projects

Smart City Infrastructure

- Developed a comprehensive plan for smart city initiatives focusing on efficient traffic management and eco-friendly buildings.

- Designed sustainable urban spaces with a focus on green architecture, renewable energy systems, and efficient waste management solutions.
 - Presented findings to stakeholders and received positive feedback on the proposed urban development framework.
-

Skills

- **Urban Planning:** 5
 - **GIS:** 4
 - **Structural Analysis:** 4
 - **AutoCAD:** 4
 - **Sustainability Practices:** 5
 - **Project Management:** 4
 - **Team Collaboration:** 4
-

Certifications

- Advanced GIS Mapping & Analysis
 - Sustainable Urban Development
 - Leadership in Civil Engineering Projects
-

Languages

- Hindi (Native)
- English (Professional Proficiency)
